Personal Injury CV

Overview

Paul acts for injured Claimants only. His personal injury practice is wide-ranging. It covers injuries arising from road traffic accidents, employer's liability cases, public liability cases and common law matters.

Paul is regularly instructed in catastrophic brain injury or spinal injury cases, multiple orthopaedic injury cases including upper and lower limb injuries and chronic pain syndrome matters.

Paul is particularly chosen by many solicitors in relation to their fatal accident cases and road traffic accident liability disputes requiring forensic analysis.

Recommendations

Andrew Duff of Scott Duff & Co Solicitors says “our personal injury department relies heavily upon Paul for his skill, expertise and efficiency. We have instructed and worked with Paul for many years and we regard him as a first class Barrister using his own mixture of pragmatism and knowledge of legal principles.”
