Overview

Susanna joined Exchange Chambers in 2015 from New Park Court Chambers. In 2012 she was appointed to the Attorney General's Regional Panel and was instructed by the Treasury Solicitor to act for a number of government departments across a range of areas, allowing her to further develop her judicial review practice. She works hard for her clients who value her sensitive and patient approach. She is well known amongst instructing solicitors, colleagues and tribunals for her practical approach to resolving issues and her focussed submissions.

Susanna's practice covers all aspects of personal injury work, particularly those cases allocated to the multi-track. She receives instructions from both claimants and defendants to advise on quantum and liability and to attend interlocutory hearings, CCMCs and trials. She has considerable experience in the fields of:

- Road Traffic Accidents;
- Highways Claims;
- Employers and Public Liability Claims;
- Occupiers' Liability.

Susanna's experience includes cases involving:

- Arguments on the scope of liability for negligence, particularly in relation to public bodies and in secondary victim claims.
- Use of a range of expert evidence, through reports and oral evidence. Cases conducted have involved the use of accident reconstruction experts, expert ergonomists and a range of medical and dental experts. Susanna's work for the GMC has provided her with valuable insight into the obligations, particularly of medical experts, which assists in her handling of experts used in litigation.
- Dealing with issues relating to capacity
- Acting for clients in JSMs and other means of ADR

Susanna is regularly instructed by the GMC to present cases before the Medical Practitioners' Tribunal Service and has significant experience relating to hearings before both Fitness to Practise panels and Interim Orders panels.

Susanna sits as a civil Deputy District Judge on the North Eastern Circuit.

Recommendations
