Clinical Negligence CV

Overview

David practises in the areas of clinical negligence and personal injury. He has experience of a wide variety of clinical negligence claims including those concerning:

- Mismanagement of labour resulting in serious disabilities including cerebral palsy, learning difficulties and Erb's palsy
- Failures to diagnose and treat neurological complications, resulting in paraplegia and brain injury
- Failures to diagnose and treat cancer
- Surgical errors, including mishandling of hip replacement, removal of thyroid and removal of gall bladder operations
- Cosmetic surgery errors
- GPs' negligence including failures to refer for investigation for serious illnesses (e.g. cancer) or injuries (e.g. serious fractures)

David regularly gives seminars and talks and is an invited speaker f or AvMA seminars.

Recommendations

"Really cracking eye for detail and brilliant at getting experts on track."

"A proactive counsel, he is not scared to explore novel legal points."

"He is very understanding and very approachable with clients."
Chambers and Partners 2018

"Very intelligent and can absorb a huge amount of detail very quickly."

"Very little escapes his eye."
Chambers and Partners 2017

"Second to none in analysing medical evidence."
Legal 500 2016
