Overview

Alice acts exclusively for Defendants. She is a specialist in civil fraud, negligence and costs. Her multi-track work includes clinical negligence, personal injury, insurance disputes, credit hire, costs litigation and CICA claims.

She has substantial experience in claims arising out of employer's liability, occupier's liability, product liability and public liability.

In 2019, she was one of the youngest barristers to be appointed a Recorder.

Her strong academic background, outstanding written and oral advocacy and judicial experience make her first choice junior counsel for a number of insurers and defence firms.
