Professional Negligence CV

Overview

George is a commercial barrister specialising in tax disputes, professional negligence and insolvency. Although he has experience across the range of professional negligence work, he has a particular interest in tax-related professional negligence claims. As he understands the tax law underlying such claims, he is able to take points on breach of duty, causation, loss and mitigation which might not occur to other professional negligence lawyers.

George has experience of professional negligence claims against:

- Accountants
- Auditors
- Chartered tax advisors
- Independent financial advisors
- Solicitors
- Surveyors

George has been rated as a Leading Junior in Chambers & Partners and Legal 500. Chambers & Partners says: "George provided detailed yet considered advice in relation to complex arrangements being scrutinised by HMRC" and "George was most approachable and worked with us in developing the strategy to defend the arrangements and seek settlement."; Legal 500 says he is: "practical, pragmatic and puts clients at ease, excellent at tax and developing a specialism in professional negligence in tax-related cases." (see Recommendations for details).
