Beyond the Bar

Tim is a sports enthusiast. He enjoys watching all forms of sport and regularly participates in running, golf, fly fishing and walking. He enjoys reading, gardening, food and a good pint! He lives very happily on the Wirral with his family.

Clinical Negligence CV

Tim works exclusively for Claimants who have sustained life changing injuries because of the negligence of treating clinicians.

With a background in Pharmacology, his knowledge of diagnosis and treatment is outstanding. Tim regularly advises on cases involving:

- Spinal Cord Injury,
- Paralysis
- Amputation,
- Anoxia/Hypoxia
- Hypoxic Ischaemic Encephalopathy (HIE)
- Cerebral Palsy
- Brain Damage
- Adverse Drug Reactions,
- Delayed Diagnosis
- Avoidable Progression of Cancer/Tumour

Tim is keen to be involved from the outset of a case and can assist greatly from a tactical viewpoint and regarding expert identification, selection and conference discussions. He has a keen eye for detail in his analysis of medical records. His medical background is a huge asset. Tim is an expert when it comes to the drafting of schedules of loss and the provision of tactical advice. He negotiates multi-million-pound settlements at Joint Settlement Meetings year on year.
